Swing Into Action

Come join us on Friday, Aug. 16, 2024, for our Second Annual Achieving Beyond Brain Injury Charity Golf Tournament. Your attendance and support will help greatly in spreading much needed pediatric stroke awareness and funding our scholarship program.

Our foundation was inspired by our boys after watching them fight for their lives after suffering massive strokes when they were 10 and 14 years old. Neither of our families had any idea that kids could have strokes until it happened to us. We believe everyone should know that kids of all ages can and do have strokes and that recognizing the signs of stroke, including the more subtle signs that may present in children, could save a child's life.

Seeing our boys push themselves to survive and continue to become the amazing men they are today motivated us to create a scholarship program to celebrate strong brain injury survivors for their strength, bravery and perseverance as they pursue their passions in post secondary education.

We look forward to seeing you on the Green
